WE have not seen the divisions of labo more sententiously expressed anywhere than in a recent issue of the Montreal That paper says that Tennyson can take a worthless sheet of paper, and, by writing a poem on it, make it worth \$5,000. That's genius. Mr. Vanderbilt can write fewer words on a similar sheet and make it worth \$50,000,000. That's capital. And the United States Govern ment can take an ounce and a quarter of gold and stamp upon it an "eagle-bird" and "Twenty dollars." That's money. The mechanic can take the material, worth \$50, and make it into a watch worth \$100. article worth \$25 cents and sell it to you for \$1. That's business. A lady can purchase a comfortable bonnet for \$10, but prefers to pay \$100 for one because it is more stylish. That's foolishness. There appears to be a greater amount of want, destitution and suffering existing in our lown the present winter than ever before in its history. Humanity demands that some steps be taken at once for the relief of the unfortunates.

Mrs. Maria McLean is in very poor health at her son in-law's, ex-Sheriff Gray of the middle ward.

Acting upon the suggestion of Superintendent Bridges, the Board of Prison Directors ordered Mr. Thos. G. Al Wayt has succeeded in effecting an organization of his amateur dramatic troupe, which will consist of twenty-one performers, including a well selected orchestra of musicians. The members are all selected by Mr. Wayt, whose judgment in such matters is undoubted. He himself composes a small circus, trick mulas included. The troup will commence rehearsing at once. Success to them.

Sheriff Curtis and Mr. Beall, President of the Wellaburg bank, came down yester-day for the purpose of finding out whether or not these two men could be identified as the parties who attempted to rob the bank at that place, but the gentlemen were about twelve hours late—the birds flown. When your correspondent called at the jail yesterday evening he found turnkey Catlett, with a bucket of morter and a trowel, patching up the hole in the wall through which the two culprits gained their freedom. Peter, although very courteous to your representative, was not happy over the escape, not by a long shot, and is far from being eulogistic to our public square as a place for retaining criminals.
